a special suceting of Council was held at Bight oclock this evening to consider some matters in Consection with the froposed belove by and to take action referency some

Members Grosent at roll call:
Mayor M Cracker, Defuly Reeve Gellinger, Commillerso
Chevrices, Denny, Derochie, Gellisley, Designis, Pollocker
and Wallace.

the Hayor stated that M. M. W. Cowells refresacting on S. C. Nixtes, was fresent and he thought it would be well to hear him.

Fettebleys That Mr Powell be heard.

Mr Powell can that the Bylaco that had been passed was incorrect in two materials founts which required to be restfied. Our of these was that they wanted to do business under a Dominion Charter instably under a Charter of Sta Prosince of Patrice.

The matter of faquents was also subject to

The matter of flaquents was also subject to misconceptions. It chard be made explicit that the \$15000 as was to be faid to formareial travellars.

The supply reported was at frescut limited to 800000 Sellows for year. In some fortions of the year they right forsibly work day and right was before long they right increase their output, so that they would require more water.

then read for the importation spall concerned.

Reeve Gallinger: That MM & Billigan be heards

before Council last week his importantion was obtained bey telephone and there some details were overlooked. He mederationed that Mr. Mulles was organizing the matter, and so he crest the Afreement under Purario laws. Instead of this

was to be flueral Manager and he thought it best toget a Dominion Chartal Medar the wording of the spisting affective Commercial Shakelless who might read enter the Sown might be faid out of the 15000 we to be effected annually in wages. This was not the intention. Much amount was to be faid to persons actually supposed in the Nown.

The amount of water arguined which was mentioned in the Bylew and the Offenent was 800000 fellows for year. As a frogressive Company they wished to be able to increase the capacito, of the Brewere, and the mental of their employees. They therefore wanted 5000 fallows of water feelday fixed as the amount they would require.

All Milligan then read, for the information of the Members, the ries beglass he had presented. We said the matter most either be subjected to the Legislature, or theo to the elector. There was not time for this latter course.

Mr Powell said that, as a Promotor, he was representing a substantial industry. He respected the prejudices of the Tempor wise people who were oppoing the metter as he thought they were acting on principle. They would establish this whatry and they frequent Cornwall as Mr Butters brother would be here. No thought the flant would auch from \$ 200000 to \$125000000 and their expenditure in wages would be from \$15000 to \$180000. It would bring into the town ans additional 100 febours from whom the Merchants would dereve some benefit. They had applications from three other places; but they would give Cornevall the preference. they expected to have \$100,000 stock outsarises so they could commence building on 1 stage. This was a legitimate commaraid autorprose. Wed boulding would be if breek, made fiseyour and thosorphly cantary.

Carrier Moved by Reese Hallaghan, Seconded by Cours. Pollock: That the order of proceedure of This Cornecil ke suspended, and that John . a. Monfald Engle heard. Carried. Mr Monfald said he was frozent in an official Capacity in the interest of the Migh School, He was especially deputed to ask if it was correct, as the Arghe School Board had been informed, that the Council had curpailed the Boards requisition of this year. Mr. Whougheld was told that this was correct. At their would on to say that the Board required \$7537 from the Your. In Loobling over his paper the found that on Deaghaker 31 they would have a deficit of some 18000. He must therepore insist that the amount asked for should be faid. The Board had been obliged to increase the calaris of four of the teachers and , no doubt, the others would ask for an increase. This marcual was compulsary as qualified teachers all over the Country were demandered and were receiping ligher Salaries Tean they formerly did. They also had to excrease the salary ofthe fautor.

The sale vie fail in Cosawall were lower than thow fail in any other town that he knew of the suspector was here recently and said that after one or two lettle improvements were the school woned to first class. He was anthorized by this Board to say that unless the Council gave them what they had asked you they would take out a Mandamus to compel them to do so.

Councillor Derochie took his seat

Coursellos ballace said the Board had an etem effor for the writers. This should be metadade in their charge for parmenent amprovements.

Councillor Denney doubted of the Jeople were willing that their representatives about thank their representatives about they down to the High School Board whatever they chook to ask for. M'M Nougall states we had one of the best High Schools in this Province. Could Ornwall afford to maintain this?

Coemeillor Pollock Soutended that the Front art from the arose out of the Righ School Board and acting agreely with the people. In the first place they had only asked for 18000 por the addition and improvements to the Rullings though they Knew ferfectly well that 19000 would be necessary. Bey did not ask for this latterseew as they were afraid the feefle would vote it down. Offer the contract was let, however, the larger amount food to be faid.

Reeve Of affaithm thought the matter was a very strious and and that it should be lookted into and considered thoroughly. He would therepore know that the subject be referred to the Finance Committee for their consideration and report.

Reve Denny back he understood that there lots on North oide of Sixth Street extending from Sidney Street to Ancelie Street could be fearthered for 16000. In his opinion these lots would be much more suitable place for

out Stone Fusher than either of the other properties which we had in view. Making this fur chase would also give us control of the right of way to the Dump ground which was an emportant matter. He would Hove that the Exposation Levelace from Mr James Diagwall his three lots on North side of Sixth Street, between Sidney and Genetia Streets, por the sum of Book. oxuncillor Councilly Scarnded the Shoteon Jaijushe was quite in accord with all that had been said by Reese Deany. Deputy Reeve Pollock said he had not cleanfed his mind regarding the Gallinger lot on Corner of Sixth and Sidney Streets. There would be longer hand where removing the Stone from the Dingwall lots and more wiring would be required to convey the forces to the Gusher. The extra kaul would amount to some 12500 of 300 a year. Some feofle might raise the same objection to the Crasher being placed there that was reade to it in the present location He would move in amendment that the Corporation fecrolose the Gallinger lot at 14000gy Joannaillos Wallace said it was weel to sale showey when we could beat he thought the advactages of the Dingwall lots would exceed the difference in frice. The available area of the Dingwall lots fat exceeded that of the Fallinger property, and he thought the Crusher could be so placed on the Duf valo lots as to avoid all danger of complaints being made on the score of to being a musanad. reight not staid and oaked if it would be lise to take this risk. Otherwise there was not freat hubrey about the matter. Councillas Councilly thought a delay of a few days would not make ony difference. He believed that if all the Recorder of Aflowed Reformined these lots they would be unanimous as to the desirability of making the her selves,

Reeve Devery then said that with thee consent of the Seconder he would change his Hotion as follows: This the Finance Committee meet as soon as possible and impact the properties available as a cete for the Justice, that a majority of them decide as to which is the most suitable and that they be authorized to make the querchase. Motion which was then sabarithed by the Mayor and declared Carried, the Chairman of Roads (Dy Rever Pollsat) said that the road work oreginally lend out was about completed and thought it would be well to permanently macadaw One block on third Street East of Sidney Street Reeve Devery Contended it was time that the west look received some attention in the matter of loads, First Street, west of Loob & Street, was very much used by hersons Coming to lown and wishing to avoid the Street cars, When this work two done he would be very glad to see third Shot teast attended to. Journaillas Watson focuted out the wretetid condition of third Street week of thefustus street. by lower Adams: That the Chairman of the Proad Committee be authorized to macadan street, and that the block on First Street, between Gos Raud Bedford Streets, be macadawized if the supply of stone will gerwit The Chairman of Roads thought these would be enough stone to do both blacks and the Motion was arried. formallor Councilly asked is the Chartenan of Roads if he intended making any repeats to sidewalto. Water Storest sedewalk, between Titl and adolphus

Streets, was in an exceedingly danger our State. The Chairman of Roads replied theat he would bry and do some repairing. Those was one difficulty in the way, however, Council had decided not to put down any mose places walks, and some of the old ones were so far some that they could not be repaired.

Councillat Harding complained of repairs being made ber second Street and Tidney Theekwhile The Sections were neglected. bater Street should have bem looked after as some fasts of it were in a disfraceful condition? The East End had not feen looked after so it should have been. Part of Marlborough Streek was made a freightshed of throughout the year. The Blayor took in for granted that the Man Chairman of Roads had used the means at his disposal to the best advantage, and in was eighosible to do all they would like to do with the Means at their disposal. If the people would double the appropriation much more satisfactory world could be done, the Good Commented was justified in repairing Second Streep as it was a main thoroughfare. Councillor Harding claimed that the East End war always left to the last. The Street Railway had caised this tracks in some places and this would oblige the Corporation to do extra worth on its forteon of the Streets. He had spoken to the Chairman last year about their and had been tol a that the Strat Railway had processed to give us a few cas loads of gravel. He had never seem the gravel, though it would be very acceptable Just now. Reac Vollock, Chairman of Roads, said the work on roads had been carried out as the Committee directed. The Street Newsey had faid for all the stone used within 115 eyeles of their rails when they made repasso last year on Vitt Street. He had never heard acceptuing about fravel. Cocarcillos Herding said he was ready to verify his assertion! omacles stiles said these were some flaces along the strat tway tracks on second Street which should be attended to at once. the Kailway Reople should follow up the work of the Corporation and confelete it where recessey.
